

Studio A

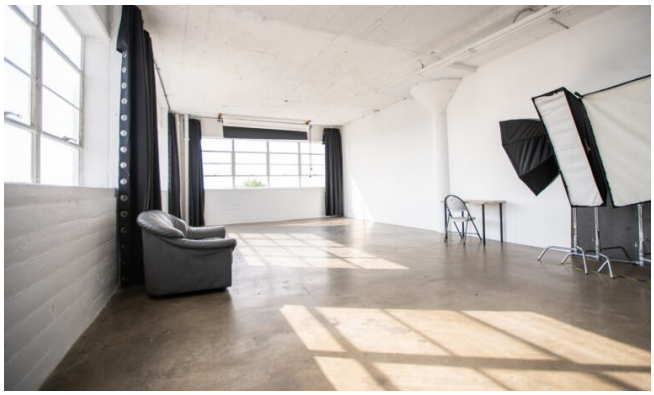

A daylight studio with big windows to capture the sunrise

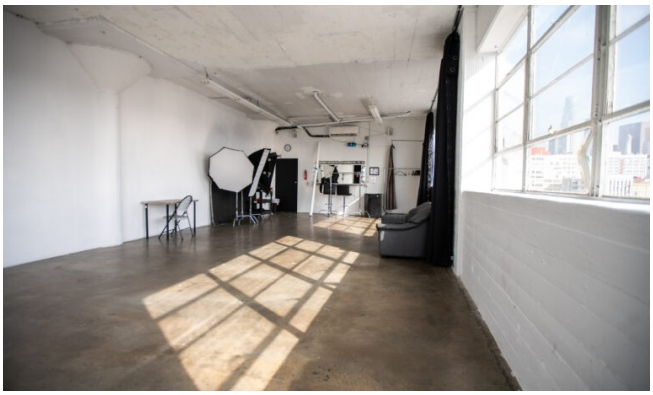

Important! It's a self-check-in studio. There will be no employee at the front desk during your booking. We are now using paper backdrops on c-stands instead of the ceiling mounting background support system. If you require access to the **freight elevator**, please notify us at least 24 hours in advance. Last-minute requests may not guarantee availability for your booking. Freight elevator hours at this location are 9 AM – 5 PM, Monday–Friday. If you need access outside these hours, please contact us to discuss whether arrangements can be made. The regular passenger elevator is available at all times.

This stunning photo studio for rent at our Los Angeles campus features **spacious windows** to capture as much natural daylight as possible in an open and customizable space. The minimalist interior puts your art in the spotlight **with bold, bright lighting** echoed by the plain white masonry and the concrete floor. Our renting schedule gives you flexibility in choosing the daylight available – **crisp morning light all the way to mellow evening tones**. No need to block out unnecessarily long periods of time. The overall feel of Studio A is open and inviting. The big windows really **open up the possibilities for incorporating natural light** into your projects, although a wide range of lighting equipment is available. All of our rentals come with standard included equipment and services, such as makeup stations, a range of paper backdrops, and complimentary Wi-Fi. This photo studio for rent gives you an opportunity to find out exactly what your subject can project without distractions or unnecessary equipment. Rent Studio A today and let your subject's natural beauty shine through.
