

Studio B

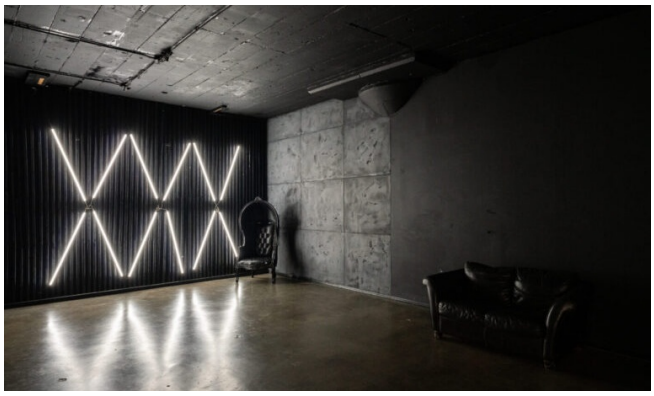

Blackout studio engineered for precision lighting control

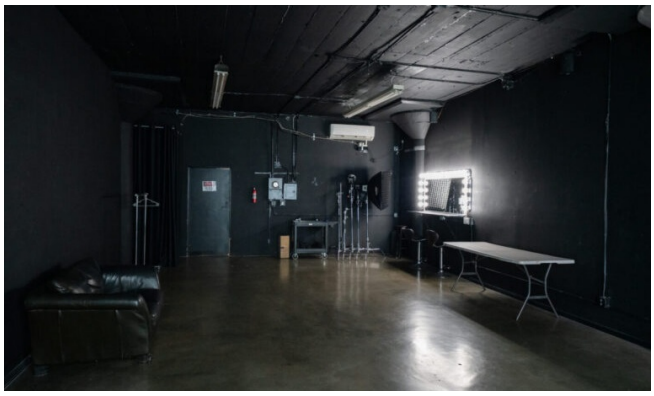

Important! It's a self-check-in studio. There will be no employee at the front desk during your booking.
If you require access to the **freight elevator**, please notify us at least 24 hours in advance. Last-minute requests may not guarantee availability for your booking. Freight elevator hours at this location are 9 AM – 5 PM, Monday–Friday. If you need access outside these hours, please contact us to discuss whether arrangements can be made. The regular passenger elevator is available at all times.
Gain complete control over your lighting setup with this **blackout photo studio** for rent. This studio was designed for a **controlled light** setup with just one window that can be completely obscured, black walls, and minimal dark furnishings. The ability to manipulate light in this studio is unmatched. The dark walls and floor really have the potential to become a character all on their own. Let **the natural darkness** of the setting seep into your work or really make your subject explode with a custom lighting rig. The flat black atmosphere makes adjustments simple and precise; with no harsh reflections to deal with. You can **tune your lighting setup for maximum control**. Finetuning is a breeze with no competing light sources, and you can enjoy a freedom of control that other studios struggle to offer. All our studios come with included extras, like access to makeup stations, free Wi-Fi, a range of paper backdrops, and more. . . Use the **unique advantage of this particular studio and experiment** with different patterns and intensities of light with our wide range of available equipment. This studio is the perfect laboratory for telling a story.
