

Studio D

A daylight photo studio in DTLA.

Important! It's a self-check-in studio. There will be no employee at the front desk during your booking. We are now using paper backdrops on c-stands instead of the ceiling mounting background support system. This 900-square-foot photo studio for rent provides plenty of daylight with its big window for the soft daylight. The predominant background color is white with concrete flooring, although a wide variety of paper backdrops are available. Photo Studio D also has a **gigantic custom hand made crate shelving of dark brown color** and **venetian grey textured wall**, as well as books. Get a variety of shots with the large matched **dark brown vanity mirror**. Rent this photo studio with a wide range of included equipment, including free Wi-Fi, makeup stations, dedicated sound system, flash units, wireless triggers, and more. The sparse interior gives you plenty of space to customize your project while enjoying the benefits of FD Photo Studio's unique rent-by-the hour model. With affordable pricing, you get to work in a professional, fully equipped studio without paying burdensome insurance or deposit fees. Best of all, you won't have to share an inch of your rented 900 square feet. Each studio is blocked out per client and guaranteed private, giving you the opportunity to focus on the task at hand.
